

DASE ENGINEERING

Our Company at a glance

DASE has been established by a mixed team of experienced and young engineers who shared the inspiring vision to create a modern engineering service company, capable of meeting the diverse needs of the market.

We have tried –and managed– to create a dynamic team of engineers with a common belief and vision: to provide comprehensive solutions regarding issues related to engineering competence, issues that businesses and organisations have to deal with during their daily activity.

We establish permanent cooperation with our clients for shared values and benefits that will bring an upgraded level of partnership.

In recent years our company has been expanding in the full scope of engineering activities, gaining the trust of large business groups and organisations. This has enabled us to invest in high-quality scientific personnel and logistics infrastructure.

Vision & Mission

At DASE, we first started with the vision of presenting to our clients a new perspective on engineering services that adds value to their daily business activity.

Our vision is based on the philosophy of becoming the necessary partner who will provide the most cost-effective and flawless solutions to our customers' needs.

With the experience of our executives and in line with our beliefs, we are able to deliver total support services, ranging from the conception of an investment idea to its final implementation.

At DASE, we believe that success is to be recognised as the specialists in offering real value to our customers and partners. It's all about establishing a cooperation that benefits both parties. Our philosophy is based on the respect for the community, our business ethics and mainly the support to our people.

Our goal is to invest and continuously improve ourselves in order to achieve excellence in operation, becoming a model of engineering in the engineering market.

HEALTH & SAFETY

Infrastructure

DASE IKE technical company is housed in 450 m² of office premises in Athens and 90 m² in Inofyta, it has its registered seat at the intersection of 230 Kifisias Avenue and 15 Lykourgou Street in Chalandri, while its tax residence is at 7 Dekeleias Street in N. Iraklio, Post Code 14122, in privately owned facilities.

Our facilities are equipped with the most modern hardware and software, with applications updated on an annual basis.

Certifications

Our company is certified and operates in accordance with ISO 9001, ISO 14001, ISO 45001.

It is a technical company that is a member of the Technical Chamber of Greece, while its personnel are registered members of ASHRAE, NFPA and other international organizations.

IPMA Certified Project Managers

Engineering Licenses

Category 9: Design of Electromechanical Installations –

2 licenses C class, 2 licenses B class, 3 licenses A class, also E class to be issued

Category 14: Energy – 1 license A class to be upgraded to B class

Category 27: Environmental – 1 license B class

Category 13: Plumbing – 1 license A class

Category 15: Industrial – 1 license A class

Energy Certifications

The company employs two Grade III Energy Auditors, responsible for conducting energy audits for large enterprises, as well as one Grade II Auditor, who performs similar audits for medium-sized businesses and facilities.

Additionally, we have a Grade III Energy Inspector, specializing in energy audits for very large installations, and a Grade II Energy Inspector, dealing with medium-sized businesses and facilities. Furthermore, we have two Grade I Energy Inspectors.

Finally, our company specializes in energy upgrades for facilities and conducts studies certified by Platinum LEED, BREAAAM, and WELL.

Personnel – Organization Chart

Our company employs a total of 55 engineers, designers and support staff.

Services Provided

Licensing:

We issue all possible permits for installations of all categories and specialised activities.

- Construction Permits for electromechanical installations of all types of buildings & facilities
- Installation and operation licence for industrial facilities
- Notification and licences of Logistics centers and industrial facilities
- Fire protection certificates
- Special permits for fire protection derogations

-
- Environmental permits
 - Permits for establishing and operating fuel facilities
 - Permits from Public Authorities of Special Interest and Special Purpose
 - Permits for mechanical equipment (generators etc.)
 - Permits by the Hellenic Electricity Distribution Network Operator (substation approvals, exemptions, special permits)
 - Permits of shops
 - Traffic connections
 - Permits of food and drink establishments

Drafting of documents for Special Urban Plans (SUP) and Special Spatial Development Plans for Strategic Investments (SSDPSI), support for strategic investments.

MEP Final Design (Technical submittals and design) for:

- Large-scale office buildings
- Hotels
- Large industrial plants
- Educational centres
- Malls
- Specialised energy projects
- Construction, industrial applications.

Indicative installations related to the above

1. Water supply design (hot-coldwater networks, recirculation, pumping stations, tanks, domestic hot water using solar systems, water treatment – osmosis plant)
2. Wastewater drainage design
3. Design for the proper operation of a biological treatment plant
4. Rainwater studies
5. Passive fire protection design
6. Active fire protection design
7. Fire extinguishing - sprinkler system design
8. Fire detection design
9. Loudspeaker design (PA & VA)
10. KNX design of rooms
11. BMS design

12. Weak currents design (CCTV, Access, data & tel)
 13. Strong currents design
 14. Substation & generator design
 15. Air conditioning, heating, ventilation design
 16. Kitchen ventilation and deodorisation design
 17. Kitchen LPG design
 18. Design according to the Greek Regulation on the Energy Performance of Buildings (KENAK)
 19. Design of lift systems
 20. Design of swimming pool systems
 21. Design of surge protection and foundation earthing
- Μελέτες Active fire protection design of high requirements in areas of special use.
 - Biological treatment design
 - Large-scale hydraulic design (rainwater, water supply, sewage)
 - Water treatment design
 - Specialised waste management design
 - Design of Medium Voltage Substations
 - Design of Hydrogen installations
 - Environmental Impact Assessments
 - Sevezo services
 - ATEX design
 - Machinery and equipment design in industries (Detailed engineering – Piping, Detailed material lists)
 - 3D design of electromechanical installations and preparation of studies in a full REVIT environment
 - Piping stress analysis

- Specialised studies on areas with high requirements (clean rooms – laboratories etc.)
- Design of Photovoltaic installations and renewable energy sources
- Geothermal design
- Design of fuel and gas storage and trading facilities
- Preparation of project tender documents.

Specialised Services

- Μελέτες Design of energy upgrades of buildings
- Building energy certificates
- Class C energy audits
- Energy certificates for air conditioning – boilers
- HD 384/60364 certificates for large-scale installations.

Construction management and supervision

Special construction management department that also undertakes on-site supervision of EM installations, cost control, checks of as-built drawings and construction measurements.

Technical Advisor Services (Peer Reviewing)

Our company offers the additional service of an Independent Technical Advisor, on large scale construction sites, thus offering complete high quality services in licencing, studying and construction. The procedure of Peer Reviewing is a valuable tool in tracking possible construction issues, reassuring the

compliance in laws and codes, industry standards and other rules in order to moderate issues or omissions in construction and also suggest ways to enhance quality, cost effectiveness and security. Our executive team's many years of experience, ensures that through this service will result in a high quality outcome of the study procedure and the absolute application of rules and standards, in conjunction with the integrity and confidentiality we always provide.

<i>OFFICE BUILDINGS – SHOPPING MALLS – EDUCATIONAL BUILDINGS</i>		
O1	MEP Detail Design (Technical description, calculations etc.) for five (5) new Student Residence Buildings of three (3) levels each, located in Chios	TECHNICAL COMPANY “PRODOMI S.A.”
O2	Detail design for the construction of the electromechanical installations of five (5) new Student Residence Buildings of three (3) levels each, located in Chios	TECHNICAL COMPANY “PRODOMI S.A.”
O3	Detail design for the construction of the electromechanical installations of a new Technical High School located in Petroupoli, Attiki (1,500 m ²)	TECHNICAL COMPANY “ALPHA TECHNICAL”
O4	MEP Detail Design (Technical description, calculations etc.) for a student residences in Orestiada	DEMOCRITUS UNIVERSITY OF THRACE
O5	MEP Detail Design (Technical description, calculations etc.) for the office buildings, restaurants, and shopping malls of Olympic Marine S.A. in Lavrio, Attiki	Olympic Marine SA
O6	Preparation of the preliminary design for the construction of the MEP installations of the earthquake-stricken settlement in Grevena and Kozani	AEGEK S.A.
O7	MEP Detail Design (Technical description, calculations etc.) for a nine-level office building with a basement on Zinonos Street in Athens (2,400 m ²)	SAKIOTIS S.A..
O8	MEP Detail Design (Technical description, calculations etc.) for the offices of HALCOR S.A. in Inofyta	HALCOR S.A.

O09	MEP Detail Design (Technical description, calculations etc.) for the installations of the SOVEL S.A. plant in Almyros, Volos	SIDENOR S.A.
O10	MEP Detail Design (Technical description, calculations etc.) for an office building in Neochorouda, Kilkis (1,300 m ²)	G. DELIGIANNIDIS
O11	Issuing of permits and MEP detail design for the office complex of TSOKAS MOTORS S.A in Prari, Koropi (2,000 m ²)	TSOKAS MOTORS S.A.
O12	Issuing of permits and MEP shop drawings (Technical description, calculations etc.) for the office complex of AMKO S.A. in Heraklion, Crete (1,500 m ²)	AMKO S.A.
O13	MEP Detail Design (Technical description, calculations etc.) for the offices of the industrial-warehouse complex of Stathis Koukos S.A. in Kato Kifisia (600 m ²)	STATHIS KOUKOS S.A.
O14	MEP Detail Design (Technical description, calculations etc.) and tender documents for the Omega Bank office building located on Stadiou Street, Athens	Omega Bank
O15	Supervision of the construction of the electromechanical installations of the new Town Hall in Tegea	VIOHALCO GROUP
O16	Supervision of the construction of the electromechanical installations of a new four-level office building with four basements on Apostolopoulou Street	NOVAL S.A.
O17	MEP Detail Design for the reconstruction of the Michael N. Stassinopoulos – Viohalco Foundation at the Tegea Stadium	MICHAEL N. STASSINOPOULOS – VIOHALCO FOUNDATION
O18	MEP design of installations in the surrounding area of the new Town Hall in Tegea	TEGEA TOWN HALL

O19	Final MEP Detail Design of the new facilities of ERMITEX S.A. at the 2nd kilometer of Varis-Koropiou Road (30,000 m ²)	ERMITEX S.A.
O20	Active fire fighting protection design for office buildings (5,000 m ²)	NOVAL S.A.
O21	MEP Detail Design of the new offices of the company NOVAL located on 33 Amarousiou-Chalandriou Street	NOVAL S.A.
O22	Energy performance certificate for office buildings for Shop&Trade S.A., located in Tavros (5,000 m ²)	SHOP&TRADE AEBE
O23	Perimeter Lighting and Fire Protection design for the OTE storage facilities located in Avlona (12,000 m ²)	OTE-COSMOTE
O24	Design of the New Substations for Office Spaces in Agios Stefanos	OTE-COSMOTE
O25	Design of the electromechanical installations (modifications) of offices in Mandra, Attiki	OTE-COSMOTE
O26	Design of the electromechanical installations of ELVAL COLOUR offices in Inofita (1,000 m ²)	ELVAL HALCOR
O27	Design of the electromechanical installations of HALCOR S.A. in Inofita (1,200 m ²)	ELVAL HALCOR
O28	Design of electromechanical installations for the extension of the facilities of IOAKIMIDIS S.A in Koropi (4,000 m ²)	IOAKIMIDIS S. A.
O29	Final MEP Detail Design of a 3-star hotel in Patra	KAROLOU TOURISTIKI

O30	Survey of buildings & MEP Detail Design of OTE real estate (50,000 m ²)	OTE GROUP
O31	Design of electromechanical installation of Papastratos offices in Aspropirgos, Attikis (6,000 m ²)	PAPASTRATOS
O32	MEP detail design of firefighting networks of the OTE building on 3 rd September Street, Athens (2,800 m ²)	OTE - COSMOTE
O33	Design of electromechanical installation of ELVALHALCOR S.A. offices Inofita (1,500 m ²)	ELVALHALCOR S.A.
O34	Design of electromechanical installation in the offices and changin room ELVALHALCOR S.A. in Inofita (5,500 m ²)	ELVALHALCOR S.A.
O35	Design of electromechanical installation in the offices and laboratories ELKEME S.A. in Inofita (3.500 m ²)	ELKEME S.A.
O36	MEP Detail Design of office building on Olimpioniki Tsiklitira Street in Marousi (2,500 m ²)	STEELMET S.A.
O37	MEP Detail Design of Astra Zeneca offices in Marousi (2,500 m ²)	ASTRA ZENECA
O38	MEP Detail Design (modifications) for NOVAL S.A. offices in Marousi (3,500 m ²)	NOVAL S.A.
O39	MEP Detail Design for the new offices of ELVAL S.A. in Inofita, Viotia (2,500 m ²)	ELVALHALCOR S.A.
O40	Technical Consultants for Teleperformance in the Construction of New Offices in the Former Papastratos Facilities in Piraeus (8,000 m ²)	TELEPERFOMANCE

O41	MEP Detail Design for the Upgrade of Central Networks in the OTE Building in Marousi (60,000 m ²)	OTE ESTATE
O42	MEP Detail Design for New PAYZY Spaces in OTE Building in Marousi (1,500 m ²)	OTE ESTATE
O43	MEP Detail Design for the Renovation of Ground Floor and Basement -1 in the OTE Building in Marousi (2,500 m ²)	OTE ESTATE
O44	Final MEP Detail Design for OTE offices in Thessaloniki (1,500 m ²)	OTE ESTATE
O45	Final MEP Detail Design for OTE offices in Lamia (1,800 m ²)	OTE ESTATE
O46	Final MEP Detail Design for new KAIZEN GAMING offices in Marousi (11,800 m ²)	DIMAND A.E.
O47	Final MEP Detail Design for new PWC offices in Marousi (24,800 m ²)	INSIGNIO
O48	Final MEP Detail Design for new office building in Piraeus (4,800 m ²)	DIMAND A.E.
O49	Final MEP Detail Design for the Renovation of IOBE offices in Koukaki (2,400 m ²)	IOBE (Foundation of Economic & Industrial Research)
O50	Final MEP Detail Design of DELOITTE offices in Patras (1,500 m ²)	DELOITTE
O51	MEP Detail Design for the Upgrade of new offices in Moschato (800 m ²)	TELEPERFORMANCE

O52	MEP Detail Design for the Upgrade of new offices in Tavros (1,200 m ²)	TELEPERFORMANCE
O53	Final MEP Detail Design of Tsampasis S.A. offices (500 m ²)	TSAMPASIS S.A.
O54	Final MEP Detail Design for the offices (3.500 m ²)	ELVALHALCOR S.A.
O55	Final MEP Detail Design for the new offices of NOVAL S.A. in Aspropirgos (1,500 m ²)	NOVAL S.A.
O56	Final MEP Detail Design of a New Network of 350 Electric Charging Stations in the OTE Building in Marousi	OTESTATE
O56	Final MEP Detail Design of a New Network of 150 Electric Charging Stations at ILYDA	PRODEA
O57	Final MEP Detail Design of Public Property Management Organization (ODDY) new offices in Aspropirgos (3,500 m ²)	ODDY- AADE
O58	Final MEP Detail Design for the Energy Upgrade of the Central Office Building of the National Bank of Greece on Aiolou Street, Athens (6,500 m ²)	National Bank of Greece
O59	Final MEP Detail Design for the Energy Upgrade of the Central Office Building of AADE in Piraeus (6,500 m ²)	AADE
O60	Final MEP Detail Design for the Energy Upgrade of the Central Office Building of AADE in Thessaloniki (1,500 m ²)	AADE
O61	Final MEP Detail Design for the Energy Upgrade of the Central Office Building of AADE in Volos (2,500 m ²)	AADE

O62	Final MEP Detail Design for the Energy Upgrade of the Central Office Building of Customs Auditing Services (ELYT) division of AADE in Attiki (3,500 m ²)	AADE
O63	Final MEP Detail Design for the Energy Upgrade of the Central Office Building of AADE in Ilioupoli (5,000 m ²)	AADE
O64	Final MEP Detail Design for the Energy Upgrade of the Central Office Building of AADE in Larisa (4,900 m ²)	AADE
O65	Final MEP Detail Design for the Energy Upgrade of the Central Office Building of AADE in Kalamata (2,500 m ²)	AADE
O66	Final MEP Detail Design for the Energy Upgrade of the Central Office Building of Dispute Resolutions Directorate of AADE in Thessaloniki (1,500 m ²)	AADE
O67	MEP Detail Design for the Energy Upgrade of the Central Office Building of AADE (2,200 m ²)	AADE
O68	MEP Detail Design for the Energy Upgrade of the Central Office Building of AADE in Elefsina (2,700 m ²)	AADE
O69	MEP Detail Design for the Energy Upgrade of the Central Office Building of Customs Auditing Services (ELYT) division of AADE (3,150 m ²)	AADE
O70	Final MEP Detail Design for the offices of the Piraeus Bank on Stadiou Street, Athens (1,500 m ²)	SNAPPI A.E. – Piraeus Bank
O71	Final HVAC Detail Design for the offices of the Piraeus Bank on Chimarras Street (5,000 m ²)	Piraeus Bank
O72	Final MEP Detail Design for offices on Panepistimiou Street (2,800 m ²)	Piraeus Bank

073	Final MEP Detail Design for offices on Panepistimiou Street (1,200 m ²)	Piraeus Bank
074	Final MEP Detail Design for an office building of Hellenic Cables S.A. in Eleonas, Viotias (800 m ²)	HELLENIC CABLES S.A.
075	Final MEP Detail Design for an office building of Hellenic Cables S.A. in Eleonas, Viotias (1,200 m ²)	HELLENIC CABLES S.A.
076	Design of the Energy Upgrade for 15 Branches	National Bank of Greece

I2	Active Fire Fighting Protection of the Stream Electric Station of the Public Power Corporation (DEI) in Megalopolis	DEI
I3	MEP Detail Design for the Oxygen Room of SOVEL S.A.	SIDENOR S.A.
I4	Design of Dedusting system, HVAC system, Compressed Air system and Electrical Installation for the KOK, Lime Rooms and the corridor between Chemistry - Annex	ALUMINUM OF GREECE
I5	MEP Detail Design for the construction of a new bauxite sludge treatment unit at the Aluminium of Greece plant in Agios Nikolaos, Viotia	ALUMINUM OF GREECE
I6	Fire Protection Design with Inergen system in six areas of the Aluminum of Greece factory in Agios Nikolaos, Viotia	ALUMINUM OF GREECE
I7	MEP Detail Design for a metal building for the installation of a filter press	ALUMINUM OF GREECE
I8	MEP Detail Design for the new storage facilities of BET S.A. and circulation connections (5,000 m ²)	BET S.A.
I9	MEP Detail Design for the new industrial plants νέων of V.I.K.I S.A., Krioneri, Attiki (4,000 m ²)	V.I.K.I. S.A.
I10	MEP Design for a small industrial unit and storage facilities in Kato Kifisia (2,000 m ²)	ERGOSTEEL S.A.

I11	Lighting and electrical design for the storage facilities of HALCOR S.A. factory in Inofita	HALCOR S.A.
I12	Lighting and electrical design for the production and storage facilities of the FITCO S.A. plant in Inofita (3,000 m ²)	FITCO S.A.
I13	MEP Detail Design and tender documents for the construction of new paint storage	ELVAL COLOUR S.A.
I14	Ventilation Design of new production and storage buildings in SOVEL S.A. plant in Almiros, Volos	SOVEL S.A.
I15	Final MEP Detail Design for the expansion of SOVEL S.A. plant in Almiros, Volos (project Micromill)	SOVEL S.A.
I16	Final MEP Detail Design for the expansion of ANAMET S.A. in Aspropirgos (project: Medium Voltage Substation and installation of Bonfiglioli machinery)	ANAMET S.A.
I17	Design of grounding system of the new Rolling Mills facilities	ELVAL S.A.
I18	Design of heating oil for the new Rolling Mills facilities	ELVAL S.A.
I19	Detail Design of grounding system and stormwater management for the surrounding area and the new storage facility (6,500 m ²)	SYMETAL S.A.
I20	MEP Detail Design of new buildings of SIDENOR S.A. in Tirana, Albania (10,000 m ²)	SIDENOR S.A.
I21	MEP Detail Design of the new office buildings of ETEM	ETEM S.A.
I22	Stormwater Drainage System Design for the surrounding area of ANOXAL S.A.	ANOXAL S.A.
I23	Detail Engineering Design (piping & stress analysis) for the expansion of networks for SOVEL S.A. (installation of new rolling mill) in Almiros, Volos	SOVEL S.A.

I24	Design of grounding system of the new Cptinuous Casting facilities of ELVAL S.A.	ELVAL S.A.
I25	MEP Design of offices and chanding rooms of the foundry facilities of ELVAL S.A.	ELVAL S.A.
I26	Stormwater Drainage System of ELVAL TANDEM	ELVALHALCOR S.A.
I27	MEP Detail Design of the new T17-T18 rooms of HALCOR S.A.	ELVALHALCOR S.A.
I28	MEP Detail Design of storage facilities and sheds of HALCOR S.A. (7,500 m ²)	ELVALHALCOR S.A.
I29	MEP Detail Design of a new hall for Corinth Pipeworks in Thisvi (3,500 m ²)	CORINTH PIPEWORKS S.A.
I30	MEP Design for the expansion of ANAMET S.A. in Aspropirgos (12,000 m ²)	ANAMET S.A.
I31	Fire Protection Design of the Galenica plant in Chalkida	GALENICA S.A.
I32	Fire Protection Design of the North ELVAL S.A. plant	ELVALHALCOR S.A.
I33	Fire Protection Design of Pepsico factory (ELVAL S.A.)	ELVALHALCOR S.A.
I34	Design of active & passive fire protection of the ALUMINCO S.A. facilities in Inofita	ALOUMINCO S.A.
I35	Final MEP Detail Design for new industrial expansion of a paint line (15,000 m ²)	ELVALHALCOR S.A.
I36	Final MEP Detail Design for new industrial extension (13,500 m ²)	CORINTH PIPEWORKS S.A.
I37	Final MEP Detail Design for new industrial expansion of the foundry unit in Inofita (35,000 m ²)	ANOXAL S.A.
I38	Final MEP Detail Design for new industrial expansion of a hot rolling mill installation in Inofita (25,000 m ²)	ELVALHALCOR S.A.

I39	Final MEP Detail Design for new industrial expansion of a cold rolling mill installation in Inofita (20,000 m ²)	ELVALHALCOR S.A.
I40	Final MEP Detail Design for the transfer of ecutherm production lines to a new facility in Inofita (20,000 m ²)	ELVALHALCOR S.A.
I41	Final MEP Detail Design for the laboratories and facilities of pharmaceutical company in Inofita (12,000 m ²)	DEMO S.A.
I42	Final MEP Detail Design for the laboratories and facilities of pharmaceutical company in Inofita (8,000 m ²)	DEMO S.A.
I43	Final MEP Detail Design for an industrial plant in Eleonas, Thiva ex Petzetakis (60,000 m ²)	HELLENIC CABLES S.A.
I44	Final MEP Detail Design for the FULGOR industrial plant in Corinth (30,000 m ²)	FULGOR
I45	MEP Detail Design for the relocation of a Greek Defence Industry to Lavrio and Corinth (25,000 m ²)	HELLENIC DEFENSE SYSTEMS
I46	Final MEP Detail Design for the expansion of an industrial unit in Politica, Evia (2,000 m ²)	PALIRIA S.A.
I47	Final MEP Detail Design for the expansion of a food unit in Inofita (3,500 m ²)	PURATOS S.A.
I48	Final MEP Detail Design for the new unit of the food industry company TSAMPASIS in Argos (2,000 m ²)	TSAMPASIS S.A.
I49	MEP Detail Design for new RND building in Eleonas, Viotias	HELLENIC CABLES S.A.
I50	MEP Detail Design for new ELVALHALCOR S.A. building in Nea Thermi Elasi (12,500 m ²)	ELVALHALCOR S.A.

No	DESCRIPTION	OWNER
<i>RESTAURANTS</i>		
R1	MEP Detail Design for McDonalds restaurant in Amfitheas Avenue, Athens	McDonalds
R2	MEP Detail Design for McDonalds restaurant in Lenorman Street, Athens	McDonalds
R3	MEP Detail Design for McDonalds restaurant in Ethnikis Antistaseos Street, Athens	McDonalds
R4	MEP Detail Design for Katselis store in Amfitheas Avenue, Athens	KATSELIS S.A.
R5	MEP Detail Design for Katselis store in Nea Filothei, Athens	KATSELIS S.A.
R6	MEP Detail Design for Katselis store in Zografou, Athens	KATSELIS S.A.
R7	MEP Design of ETHNIC FOOD restaurant at RIVER WEST mall	ETHNIC FOODS
R8	MEP Design and permit of FOCACCINO store in Palaio Faliro, Athens	FOCACCINO
R9	MEP Design and permit of FOCACCINO store in Zografou, Athens	FOCACCINO

No	DESCRIPTION	OWNER
<i>WORKSHOPS – CAR SHOWROOMS – CAR STATIONS</i>		
C1	MEP Detail Design and permit a FORD-VOLVO Car Showroom - Workshop on Attiki Odos (6,000 m ²)	FORD- VOLVO
C2	MEP Detail Design and permit a FORD Car Showroom - Workshop in Heraclion, Crete for the STAKOR company (5,000 m ²)	FORD-STAKOR
C3	MEP Detail Design for a new building of the company ALFA ROMEO, on Kalvou Street (2,000 m ²)	Company “MOSCHOU S.A.”
C4	MEP Detail Design for a new building of the company MERCEDES-BENZ, on Vouliagmeni Street, 78 (3,000 m ²)	Technical Company “SARANTOPOULOS S.A.”
C5	MEP Detail Design for a seven-storey car parking facility in the Municipality of Syros	Municipality of Syros
C6	MEP Detail Design for a new Car Showroom -Workshop with Refinishing and Painting services in Karditsa (3,000 m ²)	Company “Filippou - Toufexis S.A.”
C7	Permits of installation and operation of private car workshops (15 workshops)	INDIVIDUALS
C8	Permits of installation and operation of private gas station (10 gas stations)	VIOHALCO GROUP

No	DESCRIPTION	OWNER
<i>ENERGY PROJECTS</i>		
E1	Final Design for for the installation of seven (7) new fuel tanks, new filling stations, and a liquid waste disposal unit at the Existing Liquid Fuel Storage Facility located in Agria, Volos.	MOBIL- BP-SHELL Oil Companies
E2	Detail Design for the construction of ten (10) new tanks and fuel handling facilities at the new temporary fuel storage and handling facility of Lavroil company in Lavrio, Attiki	LAVROIL Oil Company
E3	Detail Design and the tender document for the construction of the Liquid Waste Treatment Unit of the above facility.	MOBIL- BP-SHELL Oil Companies
E4	Final Design for the construction of new filling stations at the Existing Liquid Fuel Storage Facility located in Chania, Crete	SHELL Oil Company
E5	Detail Design for the construction of a new Fuel Facility in Albania, consisting of five (5) tanks (with a total capacity of 1,500 m ³), fuel pipelines, filling stations, a fire protection network, and a liquid waste disposal unit	Private Facility
E6	Detail Design for the construction of a new LPG network at the Theodoropouloi industry in Aspropyrgos.	BP SUPERGAS LP Company
E7	Detail Design for the construction of a new LPG network at the Pavlos N. Pettas industry in Patras	BP SUPERGAS LP Company
E8	Detail Design for the construction of a new LPG network at the DELTA industry in Tavros, Attiki	BP SUPERGAS LP Company

E9	Design of active and passive fire protection for the handling and temporary storage facilities of petroleum products for Nobil company in Aspropyrgos, Attiki	Nobil SA
E10	Design of active and passive fire protection for the handling and temporary storage facilities of petroleum products for BP company in Perama, Attiki	BP Hellas
E11	MEP Detail Design for the construction of the New Fuel Distribution Station, located at the 19th km of the Athens – Thessaloniki National Road	MOBIL Oil Company
E12	MEP Detail Design for the construction of the New Fuel Distribution Station, located at the 31st km of the Athens – Thessaloniki National Road	MOBIL Oil Company
E13	Design of active and passive fire protection for the handling and temporary storage facilities of petroleum products for Shell company in Perama, Attiki	Shell S.A.
E14	MEP Detail Design for the handling and temporary storage facilities of petroleum products for ETEKA company in Perama, Attiki	ETEKA S.A.
E15	Design of active and passive fire protection for the handling and temporary storage facilities of petroleum products for Shell company in Amfilochia	SHELL S.A.
E16	MEP Detail Design for the service complex (restaurants, fuel station, car repair shop) at Athens International Airport Eleftherios Venizelos (Offer by AVIN).	AVIN

No	DESCRIPTION	OWNER
<i>AIRPORTS</i>		
A1	MEP Detail Design for aircraft Deicing facilities at Eleftherios Venizelos Airport	ATHENS AIRPORT "EL. VENIZELOS"
A2	Final MEP Design of a new terminal building at the airport of Milos Island (2,000 m ²)	TECHNICAL COMPANY "PRODROMI S.A."
A3	Final MEP Design of a new terminal building at the airport of Kos Island (4,000 m ²)	TECHNICAL COMPANY "ALPHA TECHNICAL"
A4	MEP Detail Design for the renovation of Duty Free shops at Eleftherios Venizelos Airport	ATHENS AIRPORT "EL. VENIZELOS"

No	DESCRIPRION	OWNER
<i>STORE NETWORKS</i>		
S1	MEP Detail Design of Sweatheart S.A. store (800 m ²)	AVENUE MALL - SWEATHEART A.E.
S2	MEP Detail Design of Sweatheart S.A. store in Evangelistrias street (500 m ²)	SWEATHEART S.A.
S3	MEP Detail Design of a new branch of MARFIN EGNATIA BANK on 3 rd September Street, Athens	EGNATIA BANK
S4	MEP Detail Design of a new branch of MARFIN EGNATIA BANK on Poseidonos Avenue, Athens	EGNATIA BANK
S5	MEP Detail Design of a new branch of MARFIN EGNATIA BANK in Lefkada island	EGNATIA BANK
S6	MEP Detail Design of a new branch of MARFIN EGNATIA BANK in Nea Filadelfia, Athens	EGNATIA BANK
S7	MEP Detail Design of a new branch of MARFIN EGNATIA BANK in Kamatero, Athens	EGNATIA BANK
S8	MEP Detail Design of a new branch of MARFIN EGNATIA BANK in Elliniko, Athens	EGNATIA BANK
S9	MEP Detail Design of a new branch of MARFIN EGNATIA BANK in Spata, Athens	EGNATIA BANK
S10	Supervision of the reconstruction of the WIND store on Eleftherios Venizelos Street in Trikala	WIND
S11	Supervision of the reconstruction of the WIND store on Sarafi Street in Trikala	WIND
S12	Supervision of the reconstruction of the WIND store on Acharnon, Athens	WIND
S13	Supervision of the reconstruction of the WIND store in Larisa	WIND

S14	Supervision of the reconstruction of the WIND store in Palama, Karditsa	WIND
S15	MEP Detail Design and supervision of the construction of the ADIDAS store in River West Mall, Athens	HELLENIC FLAME S.A.
S16	MEP Detail Design and supervision of the construction of the SPORT store in River West Mall, Athens (2,000 m ²)	HELLENIC FLAME S.A.
S17	MEP Detail Design and supervision of the construction of the MAN & MANETTI store in River West Mall, Athens	ERGOSTEEL S.A.
S18	MEP Detail Design and supervision of the construction of the Moustakas store in River West Mall, Athens	MOUSTAKAS S.A.
S19	MEP Detail Design and supervision of the construction of the I-STORM (APPLE) store in River West Mall, Athens	INFOQUEST A.E.
S20	MEP Detail Design and supervision of the construction of the BATA store in River West Mall, Athens	BATA
S21	MEP Detail Design and supervision of the construction of the MABO store in River West Mall, Athens	MABO
S22	MEP Detail Design of the construction of the RUNNER STORE στο GOLDEN HALL Mall, Athens	RUNNER
S23	MEP Detail Design of the construction of the RUNNER STORE in Glifada, Athens	RUNNER
S24	MEP Detail Design of the construction of the Harley Davidson in MARousi, Athens	HARLEY DAVIDSON
S25	Final MEP Detail Design for 80 branches of the National Bank of Greece	NATIONAL BANK OF GREECE
S26	Final MEP Detail Design for 70 stores of the Public Power Corporation	PPC (DEI)
S27	MEP Detail Design for 10 καταστήματα Cosmote stores	COSMOTE
S28	MEP Detail Design for 20 branches of Piraeus Bank	PIRAEUS BANK
S29	Final MEP Detail Design for a bank branch in Voula, Athens (1,100 m ²)	ALPHA BANK

S30	Final MEP Detail Design for a branch in Patras (35 m ²)	ΕΘΝΙΚΗ ΑΣΦΑΛΙΣΤΙΚΗ INSURANCE

<i>PORTS- BOATYARDS</i>		
P1	MEP Design for the Port servicing of the Corinth Pipework in Thisvi, Viotia	CORINTH PIPEWORKS
P2	MEP Detail Design for the Marina of Lefkada island	MUNICIPALITY OF LEFKADA
P3	MEP Detail Design εξυπηρέτησης servicing leisure craft (marina-shipyard) of Olympic Marine S.A. in Lavrio, Attiki	OLYMPIC MARINE S.A.
P4	MEP Detail Design for fire protection at the port of Thisvi	THISVI INDUSTRIAL AREA
P5	MEP Design for the expansion of the port of Thisvi	THISVI INDUSTRIAL AREA

No	DESCRIPTION	OWNER
<i>SPECIALISED MEP DESIGN</i>		
S1	MEP DESIGN for the Eurosynaesthetic Research Center in Atalanti, involving the construction of a museum, library, theater, dormitories, and cultural center (10,000 m ²)	EURO-SINAITIC RESEARCH CENTER – MONASTERY OF SAINT CATHERUINA OF SINAI
S2	MEP Design for the construction of the liquid waste treatment unit of the Municipality of Preveza	CONSORTIUM OF TECHNICAL COMPANIES “I. MORAITIS – K. TZAVARAS”
S3	MEP Design for the licensing and reconstruction of the Apolloneio Hospital on Katechaki Street, Athens	ATHENS MEDICAL CENTER
S4	MEP Design for the licensing and construction of a refrigeration and freezing facility for fresh foods in Milos Island	G. MENIDIS
S5	MEP Detail Design of new laboratories - chemistry facilities and metallurgy testing laboratories. (2,500 m ²)	ELKEME S.A.

No	DESCRIPTION	OWNER
<i>SPECIAL DESIGN – LICENSING OF INDUSTRIAL FACILITIES</i>		
A1	Installation and operation permit for the new ALDI Logistics Center in Sindos (Thessaloniki Logistics S.A.) (Veterinary Service, Municipality, Ministry of Development) (195,000 m ²)	ALDI
A2	Installation and operation permit for the new ALDI Logistics Center in Patras (PATRAS LOGISTICS S.A.) (Veterinary Service, Municipality, Ministry of Development) (165,000 m ²)	ALDI
A3	Installation and operation permit for the new ERMITEX S.A. Logistics Center in Koropi, Attiki (30,000 m ²)	ERMITEX S.A.
A4	Expansion of ELVAL COLOUR S.A. facilities in Thiva, expansion permit	ELVAL COLOUR S.A.
A5	Installation and operation permit for the expansion of new printing facilities in the Industrial Area of Vari-Koropi (3,000 m ²)	TIPOGRAMMI S.A.
A6	Permit for the expansion of ELVAL S.A. in Inofita (Continuous Casting)	ELVAL S.A.
A7	Permit for the expansion of ANAMET S.A. facilities in Aspropirgos, Attiki (New Schreinder Substation)	ANAMET S.A.
A8	Permit for the expansion of SOVEL S.A. facilities in Almiros, Volou (MICROMILL expansion)	SOVEL S.A.
A9	Permit for the expansion of ALFA AGRICULTURAL SUPPLIES S.A. in Inofita	ALFA AGRICULTURAL SUPPLIES S.A.
A10	Operation permit for HALCOR S.A. factories in Inofita, Viotias	HALCOR S.A.
A11	Operation permit for the expansion of CORINTH PIPEWORKS S.A. facilities	CORINTH PIPEWORKS S.A.
A12	DETAIL ENGINEERING for the installation of a new GLOBUS engine at ELVAL S.A.	ELVAL S.A.

A13	MEP Detail Design and interconnection permit for FITCO - CHALKOR - ELVAL facilities for liquid waste management	HALCOR S.A.
A14	MEP Detail Design and permit for the new PE FOAM production line at the facilities of HELLENIC CABLES S.A.	HELLENIC CABLES S.A.- HALCOR S.A.
A15	MEP Detail Design and deviation permit for passive fire protection at the PE production facilities of FULGOR S.A. in Corinth	FULGOR S.A.
A16	MEP Detail Design and deviation permit for passive fire protection at the CORINTH PIPEWORKS S.A. in Thisvi, Viotia	CORINTH PIPEWORKS S.A.
A17	ATEX Design for the FATA painting area at ELVAL S.A. facilities in Inofita	ELVAL S.A.
A18	ATEX Design for the storage area of paint barrels and flammable materials at ELVAL S.A. facilities in Inofita	ELVAL S.A.
A19	ATEX Design for the air conditioning duct testing area at HALCOR S.A. facilities in Inofita	HALCOR S.A.
A20	ATEX Design for the PE FOAM area at HELLENIC CABLES S.A. facilities in Inofita	HELLENIC CABLES S.A.- HALCOR S.A.
A21	Permit for the expansion of ELVAL COLOUR S.A. facilities with new production lines (expansion 3,500 m ²)	ELVAL COLOUR S.A.
A22	MEP Detail Design for the new production facility of inks and colors by Druckfarben in Chalkida	DRUCKFARBEN
A23	DESIGN of the pumping station for the waste transfer interconnection of CHALKOR – FITCO - ELVAL S.A. in Inofita	HALCOR S.A.
A24	Permit for the expansion of HALCOR S.A. facilities (Pipeworks)	HALCOR S.A.
A25	Design for the modification of natural gas and nitrogen networks at HALCOR S.A. facilities (Pipeworks)	ELVALHALCOR S.A.
A26	Stormwater and fire protection design in HALCOR S.A. (Pipework) and approval by the Municipality of Inofita	ELVALHALCOR S.A.
A27	HD 384 Design for the SYMETAL S.A. plant in Mandra, Attiki	SYMETAL S.A.

A28	HD 384 Design for the ELVAL COLOUR S.A. plant in Inofita	ELVAL COLOUR S.A.
A29	HD 384 Design for the ANOXAL S.A. plant in Inofita	ANOXAL S.A.
A30	HD 384 Design for the ELVALHALCOR S.A. plant in Inofita	ELVALHALCOR S.A.
A31	HD 384 Design for the CORINTH PIPEWORKS S.A. plant in Inofita	CORINTH PIPEWORKS S.A.
A32	HD 384 Design for the STEELMET S.A. plant in Marousi	STEELMET S.A.
